

Attention North Eastern Saskatchewan Parkland

Kipabiskau Regional Park Cabin Holder's Association needs your help!

We have entered a competition sponsored by Community Futures NewSask. Our project is to build a Sunshelter over the sandbox in the children's playground. There will be benches along two sides for protection from the sun for parents as well.

We all know the damage that the sun can have on our skin in the summer time.

The competition is close and ends November 30th.

Help us by voting once every twenty four hours at <http://www.newsaskcfdc.ca/challenge/vote2011.html>

Thank you!
