"The Nature Trails at Kipabiskau Regional Park have been enjoyed for over 30 years but have recently fallen into disrepair. Last spring Kipabiskau Nature Trails Volunteer Group took on the task of rejuvenating the trail system. Newsask's Challenge 4 Business competition allowed us to promote this project. Thank you for supporting us and voting during the competition! With cooperation from the weather, we will reach our goal of safe, well maintained, signed nature trails accessible again for all people in all seasons!"
